

Accreditation Engagement Review

November 26, 2023 - December 01, 2023

Creativity Private School

Institution #223531

#214 Road 907 - Block 309
Salmaniya, 99999

Accreditation Is Continuous Improvement

Cognia defines continuous improvement as "an embedded behavior rooted in an institution's culture that constantly focuses on conditions, processes, and practices to improve teaching and learning." Accreditation is a continuous improvement process that helps an institution improve teaching and learning. Using Cognia's Performance Standards, the institution examines its current effectiveness as well as its capacity and capability to achieve its vision and goals for the future.

Cognia believes all institutions can improve no matter how well they are currently performing. In the same manner that educators are expected to understand the unique needs of every learner and tailor the education experience to drive student success, every institution must be empowered

to map out and embrace their unique improvement journey. Cognia expects institutions to use the results and analyses of data from diverse sources to select and implement actions that drive improvement in education quality and student performance. Cognia recognizes that each institution's improvement journey is unique and that we can serve you best by providing key findings specific to your institution.

Around the turn of the 21st century, accreditation transformed its focus and process from a ten-year evaluation focused on the accomplishments of an institution's past decade to a forward-focused process examining what an institution is striving to accomplish in the next five years. Modern accreditation examines the current and future

capabilities and capacities of an institution in the context of its mission, purpose and direction. The Standards for Accreditation define how a good institution behaves and provides the criteria to focus improvement efforts that will lead to growing learners, teachers, and leaders.

In reality, modern accreditation is a continuous improvement process. At least every six years, the institution formally engages the Standards for Accreditation to reflect and examine its progress toward its desired future as expressed through its mission, purpose, and strategic direction.

Cognia's purpose-driven, strategic process is the most widely used continuous improvement process in the world.

Cognia Performance Accreditation and the Engagement Review

This report contains the findings of the Engagement Review. The findings of the report are organized in five sections: Assurances, Rating of Analyses, Cognia Performance Standards, Insights from the Review, and a Summary of Findings that includes Noteworthy Practices and Areas for Improvement.

Accreditation is pivotal to leveraging education quality and continuous improvement. Using a set of rigorous research-based standards, the accreditation process examines the whole institution—the program, the cultural context, and the community of stakeholders—to determine how

well the parts work together to meet the needs of learners. Through the Cognia Accreditation Process, highly skilled and trained evaluators gather first-hand evidence and information pertinent to evaluating an institution's performance against research-based Cognia Performance Standards. Using these standards, evaluators assess the quality of the learning environment to gain valuable insights and target improvements in teaching and learning as well as the operation of the institution.

To build a comprehensive evaluation of your institution, our experts gain a broad understanding of institution

quality through a review of documented evidence, discussions with leadership, and community feedback. Using the standards as a framework, the report provides valuable guidance to help focus your institution's improvement journey.

Accreditation Status and Index of Education Quality®

Cognia will review the results of the Accreditation Engagement Review to make a final determination concerning the accreditation status of your institution based on these findings. Cognia provides the Index of Education Quality (IEQ) as a holistic measure of overall performance.

Your Institution's IEQ	SCORE	DESCRIPTION
351	Below 220	An IEQ score below 220 indicates that the institution has several Areas for Improvement and should focus their improvement efforts on those areas and the related Standards and/or Assurances. The institution will be required to present evidence of improvement to Cognia within one year through a Progress Monitoring Review. Additional Progress Reports may be required if satisfactory improvement is not achieved.
Cognia's IEQ Network Average: 253	220 - 300	An IEQ in the range of 220-300 suggests the institution has some Areas for Improvement and may include one or more Noteworthy Practices. Institutions must address the Areas for Improvement and provide evidence of actions taken and results to Cognia in a required Progress Report due three years following the review. Additional progress monitoring may be required if satisfactory improvement is not achieved.
	Above 300	An IEQ above 300 indicates the institution meets Cognia's expectations for accreditation that include one or more Areas for Improvement and may include one or more Noteworthy Practices. Institutions must address the Areas for Improvement and provide evidence of actions taken and results to Cognia in a required Progress Report due three years following the review. Additional progress monitoring may be required if satisfactory progress is not achieved.

Your Next Steps

Accreditation is a continuous improvement process. The Engagement Review provides independent, objective guidance in relation to the Performance Standards and the institution's improvement journey. Upon receiving the Accreditation Engagement Review Report, the institution is expected to implement the following steps:

- Review and share the findings in this report with stakeholders.
- Use the findings from the report to guide and strengthen your institution's improvement efforts.
- Celebrate the successes noted in the report.
- Continue the improvement journey.
- Report to Cognia on your progress toward improvement.

Evaluator Roster

The Engagement Review is conducted by professionals with varied backgrounds and professional experiences. All evaluators complete Cognia training and elect certification to ensure knowledge and understanding of the Cognia tools and processes. The following professional(s) served on the Engagement Review:

EVALUATOR NAME	BRIEF BIOGRAPHY
Julia Williams Lead Evaluator	<p>Julia Williams, Ph.D., is a professor emeritus of education at the University of Minnesota Duluth. Her areas of specialty include assessment, continuous improvement processes, and program evaluation and research and publications include studies of schools and the integration of leadership, staff development, student achievement, and supervision. She served as an evaluator on multi-year, multi-site grants awarded by the National Science Foundation and the US Department of Homeland Security and as a consultant and trainer for schools and districts for strategic planning, shared decision-making, assessment, and standards-curriculum alignment. She served the university as faculty-on-assignment to establish assessment processes to collaboratively determine common outcomes and create meaningful, sustainable document and review processes across all undergraduate, graduate, and co-curricular programs and university-wide in alignment with the Higher Learning Commission Standards. She earned a B.S. in English language arts education (University of Minnesota), an M.A. in curriculum and instruction (University of St. Thomas), and a Ph.D. in educational leadership (Capella University). She is a licensed secondary principal and district superintendent. Spanning four decades in education, Dr. Williams served as a lead evaluator for Cognia, a member of the Minnesota State Council, a member of the Commission on Schools, a lead evaluator mentor, and a regional accreditation evaluator for the US Midwest region.</p>
